Baldheads

More Women are Bald than Men, Says Authority.

This is a startling statement but it's true according to an article published in a standard magazine this year.

One thing is certain, PARISIAN SAGE will surely prevent baldness by stopping the hair from falling, but it won't grow hair after the head is bald.

Ladies, look after your hair, destroy the dandruff germs with PARISIAN SAGE and dandruff will disappear. It stops scalp itch over night and is guaranteed to be the most refreshing refined and agreeable hair dressing that can be obtained. Sold by F. D. Pierce and druggists all over America for 50 cents.

"My hair was falling out, and I was troubled with itching scalp. I received no benefit until I tried PARISIAN SAGE."—Mrs. George Thunders, R. F. D. 6, Marshall, Mich.

Paint Now

If you ought to have painted last year and waited for paint to come down, how much do you think you made? You'll buy an extra gallon this year. There's \$5 or \$6 for paint and labor. You think you won't but you will; you can't stretch paint.

It is always so: the longer you wait, the more paint and wages. Besides what paint is for. What is it for?

Of all literary compositions the love letters of men contain the maximum of twaddle and the minimum of sense. The only explanation is that every man in love tries to become a poet.

Two Ways to Save

One is to wait until you have large sums to spare, a time which seldom comes.

The other is to put aside at compound interest, small amounts which you can easily spare, and do it regularly.

You will have great respect for compound interest when you discover from experience how it increases your capital.

There is profit and satisfaction for you in a savings account with this strong bank.

The Orleans County Fair Association

The Orleans County Fair Association has been holding an annual fair at Barton for 22 years. It has had a term lease of the grounds, which has expired. A one year lease was taken but the owner of the grounds, Mr. F. B. Lang, has determined to sell and the question of being able to secure further leases whether for short or long periods is very uncertain.

This fact has made it advisable for the Association to consider the purchase of the grounds, and it has secured an option on Roaring Brook Park, including the park enclosure and all buildings except Mr. Lang's private barn, for \$9,500. This includes all tools etc., and in view of the fact that Hon. F. T. Holder, the wealthy New Yorker who owned the grounds previous to Mr. Lang, spent over \$60,000 on the park, the price is very reasonable. The present association has cash on hand and other collateral to the amount of \$500 and therefore proposes to increase its capital stock to \$10,000 and purchase the grounds, thus owning and controlling everything in connection with whatever meetings are held. This should eliminate much of the inconvenience and trouble now encountered.

The members of the old Association, not feeling able to take all of the increased capital, have decided to ask the public to pay a certain amount of the stock at \$25 per share, fully paid and non-assessable.

Rentals, hay, storage and other sources of income will just about keep the grounds up and the deal should therefore result in a saving to the Association. The usual dividend of the Association has been 6 per cent and there is every reason to believe the Association will pay this in the future.

While not a business appeal entirely, although one ought to get good returns upon his investment, we feel that at the price we are able to buy this property for, the people of Orleans County should subscribe for this stock, thereby making it a county association, and enabling the county to have the best County Fair in Vermont.

Our option on this property expires July 7 and we would ask that you forward your application at once.
